## Salamander

Thor Gas Range answers the needs of modern, busy catering establishments for reliable, well-built equipment that offers flexibility, performance, style and value for money. Thor equipment has been designed with safety, ease of operation and performance as paramount. Thor has a stylish and robust modular design, constructed of high quality brushed stainless steel, large “cool to touch” dials, large heavy duty adjustable feet and easy to clean and remove accessories.

The Thor salamander compliments the freestanding range of Thor gas cooking equipment. Two independently controlled infra-red ceramic burners provide excellent performance for menu items requiring grilling and gratinating. Built from stainless steel, including stainless steel removable crumb trays, the unit comes standard with a heavy duty grilling rack that can be manually adjusted to 3 grilling height. The salamander is simple to operate and easy to clean. The salamander is wall mountable but also has the option of installing feet for bench mount requirements.

The Thor salamander is designed for the most demanding foodservice applications and delivers years of maintenance free operation.
